

N_Memphis

Model Code N8680

date of issue 22-01-26 revision 00
revision of 14-02-26 (the present replaces any previous versions)

NICOLETTIHOME

Designer: abruzzese

Structure: pinewood, multilayer and plywood covered with polyurethane foam.

Spring system: elastic webbing

Seat Padding: seat cushions with pocket springs encased in polyurethane foam, covered with 100% ecological polyester padding (moll).

Back Padding: backrest cushions and headrests in ecologic polyurethane foam covered with 100% polyester layer

Arm Interior: armrests in ecologic polyurethane foam covered with 100% polyester layer

Removability: not available

Sewing: cuts and sewing on leather covers differ from cuts and sewing on microfiber (or fabric) covers.

Mechanisms: the model is equipped with manually adjustable headrests on fixed versions.

Versions **"electric headrest electric recliner"** feature a mechanism operated via a push-button control (PUL M4), positioned on the outer side of the armrest or laterally next to the seat cushion on armless versions. The mechanism allows independent reclining of the seat and backrest, as well as independent headrest lift.

Versions **"comfort electric recliner"** additionally include an independently operated push mechanism and lumbar support and are equipped with a push-button control (PUL M5).

The maximum overall height of the model with fully raised headrest is 100 cm, while the maximum depth of the fully extended recliner is 160 cm.

Components: an integrated push-button control, available on all versions with an electric mechanism, allows easy adjustment of the backrest, seat, lumbar support, or headrest (where fitted), ensuring optimal comfort.

The control panel is equipped with a USB-C port for connecting and charging electronic devices.

The reset button enables a quick return to the initial position.

Standard feet: PVC, h. 4 cm.

Please note: model available only in thin elastic leathers, fabric, or microfiber .

Density of seat and back kg/cbm (±5%) ⁽¹⁾

Markets	Seat	Back
I	30+molle	28
D - NL - CH		
USA - California	30+molle	28
GB	35+molle fire retardant	30 fire retardant
Others	30+molle	28

Note: when no values/contents are specified in the chart, please refer to 'Others' field/area
⁽¹⁾Density: volume mass apparently determined on materials without any kind of covers, and according to the UNI EN ISO 845 regulations. Indicated values refer to production averages; the Company reserves the right, if needed, to make changes to the declared technical characteristics. Before use, it is advisable to look at the SAFETY INFORMATION TECHNIQUE for info regarding use and protection of people and of the environment, in compliance with existing EEC regulations.

We reserve the right to amend materials, covers and product dimensions shown on the data sheet, for production purposes and without prior notice. The line drawings, graphic information, dimensions, and volume provided are approximate and may vary due to the tolerances allowed in the production process with a view to improvements. The following maximum load values are recommended under normal use: armchairs max. 120 kg, 2-seater sofas max. 200 kg (2x100 kg), 3-seater sofas max. 240 kg (3x80 kg). Exceeding the recommended load may cause a structural failure of the sofa/armchair or its components.
