

Model Code N8689

date of issue 20-03-26 revision 00
revision of 21-03-26 (the present replaces any previous versions)

Designer: Abruzzese

Structure: pinewood, multilayer and plywood covered with polyurethane foam.

Spring system: elastic webbing.

Seat Padding: seat cushions with pocket springs encased in polyurethane foam, covered with 100% ecological polyester padding (moll).

Back Padding: in ecological polyurethane foam covered with 100% polyester padding.

Arm Interior: in ecological polyurethane foam covered with 100% polyester padding.

Removability: not available

Sewing: cuts and sewing on leather covers differ from cuts and sewing on microfiber (or fabric) covers.

Mechanisms: All **FIXED VERSIONS** are equipped with a manually liftable headrest.

ELECTRIC COMFORT RECLINER versions feature a motorized headrest, adjustable lumbar support, and a recliner mechanism. All movements can be operated independently via control buttons located on the outer side of the armrest, and on the side of the seat for armless versions (PUL M5).

The maximum height of the model with the headrest fully lifted is **100 cm**, while the maximum depth with the recliner fully extended is **162 cm**.

It is recommended to position the product at least 10 cm away from the wall to ensure proper headrest operation.

Components: an integrated control panel, standard on all electric mechanism versions and located on the outer side of the armrest, allows easy adjustment of the backrest, seat, lumbar support, and headrest movements to achieve optimal comfort. The model is equipped with a "USB-C" port to connect and charge electronic devices. A reset button enables a quick return to the initial position.

Standard feet: PVC, 4 cm high.

Please note: model available exclusively in **BULL_PS** leather (selected colours only), and fabric art. ERA*.

Density of seat and back kg/cbm (±5%) ⁽¹⁾

Markets	Seat	Back
I	30+molle	28/25
D - NL - CH		
USA - California	30+molle	28/25
GB	35+molle fire retardant	30 fire retardant
Others	30+molle	28/25

Note: when no values/contents are specified in the chart, please refer to "Others" field/area
⁽¹⁾Density: volume mass apparently determined on materials without any kind of covers and according to the UNI EN ISO 845 regulations. Indicated values refer to production averages; the Company reserves the right, if needed, to make changes to the declared technical characteristics. Before use, it is advisable to look at the SAFETY INFORMATION TECHNIQUE for info regarding use and protection of people and of the environment, in compliance with existing EEC regulations.

We reserve the right to amend materials, covers and product dimensions shown on the data sheet, for production purposes and without prior notice. The line drawings, graphic information, dimensions, and volume provided are approximate and may vary due to the tolerances allowed in the production process with a view to improvements. The following maximum load values are recommended under normal use: armchairs max. 120 kg, 2-seater sofas max. 200 kg (2x100 kg), 3-seater sofas max. 240 kg (3x80 kg). Exceeding the recommended load may cause a structural failure of the sofa/armchair or its components.
